Produced	Unit Type	Features and Changes
2008	Essential Sliding Patio Door	03/2008: Unit features 3/4" insulating Low E II tempered glass with Argon, single point mortise style locking system, stainless steel ball bearing twin roller operating system, 3 3/8" jambs with 4 9/16" or 6 9/16" extensions available, optional factory applied sheet rock return and field applied j-channel, and exterior or non-keyed handle. Pultruded fiberglass interior and exterior. White interior only with white hardware. Stone White, Pebble Gray, Bronze, Evergreen or Cashmere exteriors with hardware finish to match finish option selection. GBGs are white to the interior, exterior GBGs match exterior finish option selection. PVC sill liner and color matched top hung screen. Available in 2-panel (5068, 50610, 5080, 6068, 60610, 6080) and 3-panel (90610, 9080) configurations.
2009	Essential Sliding Patio Door	03/2009: Ebony exteriors introduced. 05/2009: LoE3 366™ glass option introduced.
2010	Essential Sliding Patio Door	02/2010: Introduced new handle design for the PVD Brass, Satin Nickel and Oil Rubbed Bronze finish.
2011	Essential Sliding Patio Door	02/28/2011: February 28, 2011 Introduced keyed option for complete handle sets. 04/28/2011: Introduced LoE-180™ glass option.
2012	Essential Sliding Patio Door	01/30/2012: Introduced the 5' 10' CN. 04/30/2012: Added the 32" NCO handle option. 07/2012: Improved 9080 structural stability with product enhancements at the leveling block end cap and top of operator panel.
2013	Essential Sliding Patio Door	04/2013: Introduced special sizes 2-panel in 1/64" increments from the smallest size to the largest size within the current matrix.
2014	Essential Sliding Patio Door	04/28/2014: Interior and Exterior Split Finish option became available so customers could choose different colors between exterior and interior handles. All current handle styles were given the name Cambridge. Handles are no longer available in sets. 10/24/2014: Added Northfield hardware handle sets.
2015	Essential Sliding Patio Door	02/23/2015: Introduced new nailing fin with drip.
2016	Essential Sliding Patio Door	12/19/2016: Introduced new Jamb block.
2017	Essential Sliding Patio Door	12/18/2017: Added availability of customer specified lite cut configurations for GBG and to allow any color GBG on the exterior for standard or special sized units.
2018	Essential Sliding Patio Door	02/26/2018: Standardized Ebony exterior from Essential Ebony to Marvin Ebony. Reduction of 2 jamb blocks per installation kit. Jamb bumper added, stationary interlock part numbers changed. 06/25/2018: Introduced Matte Black hardware and Black perimeter spacer color option. 09/24/2018: Introduced Bronze and Ebony interior option. Stone White jamb extension, sheet rock return and receiver are selectable for dark interior options. 10/29/2018: Low E3 ERS glass type was added. 12/17/2018: Introduced textured glass types: Obscure, Reed, Narrow Reed, Rain, Glue Chip and Frost and also colored glass types: Clear, Bronze, Gray and Green.
2019	Essential Sliding Patio Door	01/28/2019: New screen design was implemented. 08/26/2019: Slim Handle option available on all sizes.
2020	Essential Sliding Patio Door	01/2020: Protective Glass Film becomes a standard feature across all Essential product lines.
2021	Essential Sliding Patio Door	10/25/2021: Standard screen mesh changed to Marvin Bright View™. See Product Bulletin 793 for more information.

Produced	Unit Type	Features and Changes
2022	Essential Sliding Patio Door	06/27/2022: The Essential collection will transition to black weatherstrip (and associated components) for all window and door products, effective June 27th, 2022. The Essential Sliding Patio Door will also transition to the bronze sill as the standard offering. Beige weatherstrip and beige sill will continue to be available for warranty/service needs. 10/31/2022: Evergreen exterior discontinued. See Product Bulletin 851 for more information. 11/7/2022: New screen door with top-hung roller system introduced. See Product Bulletin 853 for more information.
2023	Essential Sliding Patio Door	02/27/2023: Gunmetal introduced. See Product Bulletin 863 for more information.
2024	Essential Sliding Patio Door	06/24/2024: Introduced larger sizes. See Product Bulletin 941 for additional information

To order replacement panels, specify:

1. Call number or special size;
2. operator or stationary;
3. handing;
4. exterior color;
5. panel height and width;
6. lite cut.

Note: Refer to DLO Charts page if needed.

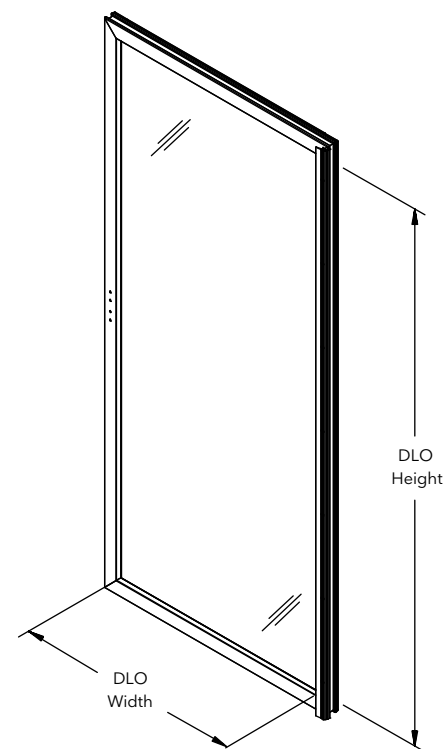

Screens

Screens are standard with a color matched aluminum surround. Standard screen mesh is Marvin Bright View™.

Determine the outside measurement of the existing screen using the DLO Charts page.

To order replacement screens, specify:

1. Call number or special size (if available);
2. For screens on product manufactured after 1/28/2019: If there is no existing screen from which to obtain the OM of the screen, determine the size of the screen by using the DLO chart information. The daylight opening is the measurement of the visible glass;
3. For screens on product manufactured prior to 1/28/2019: Determine the size of the screen using the calculations provided in the previous section. The daylight opening is the measurement of the visible glass. NOTE: When ordering a replacement screen manufactured prior to 1/28/2019, a new screen track is required and will also need to be ordered.
4. Handing.

Panel - Exterior View

Use these charts to determine sizes for replacement panels and screens

- Daylight Opening (DLO) is a measurement of the visible glass.
- Outside measurement = OM
- Sizes for Essential Sliding Patio Doors manufactured 3/17/2008 to present.

Determining Panel Size

Daylight Opening to OM of Panel

Daylight Width + 4 7/16" = OM Width of Panel

Daylight Height + 4 7/16" = OM Height of Panel

Determining Screen Size

Daylight Opening to OM of Screen

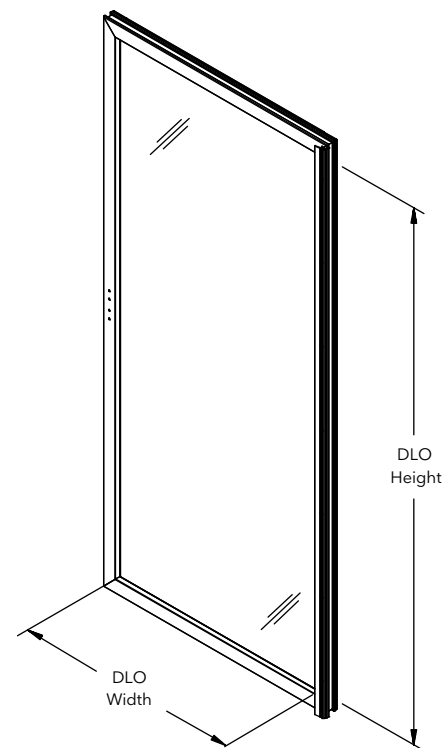

Daylight Width + 4 3/16" = OM Width of Screen

Daylight Height + 4 25/32" = OM Height of Screen

Width					
CN	Frame OM	Panel OM	DLO	Screen OM	Standard Lite Cut
